Custom Inserts™ *handcrafts beautiful
custom organizing products to add simplicity
and efficiency to your life.*

We handcraft our products with as much attention to detail as a craftsman building a custom cabinet. Our popular satin-smooth rounded edge treatments and micro-chambered corners have a look and feel that complement the finest cabinetry. Each is scrutinized for quality from start to finish, whether a one-off custom product or one of a 5000-piece order.

We are best known for our wide selection of drawer organizing products. Our drawer inserts can be ordered to YOUR dimensions, so they fit perfectly, using ALL your space completely and efficiently. We also offer stock sizes for a great quality at a great price. Elegant but durable, all acrylic joints are solvent welded, and most inserts have floors for rigidity and to prevent items from sliding underneath. They are scratch resistant, dishwasher-safe, and non-staining.

We are a full-service manufacturer and fabricator of plastic products. We quote, design, and fabricate plastics including ABS, PVC, and polycarbonate, and in any quantity. Our products are in homes and hospitals, from kitchens to laboratories, candy stores to pharmacies. We have installed museum security doors across secret passageways in castles, safety guards and other parts for manufacturing equipment, wine racks in luxury yachts, file bins for nursing carts, and more. If you need to store and organize, protect or cover, or require an engineered plastic part, give us a call. Custom Inserts™ looks forward to hearing from you!

DOUBLE TIER INSERTS

SKU DT

Double your storage space with our custom fabricated Double Tier drawer organizers. Open your drawer, access the top level. Slide it back to access the lower level. Get twice the storage options in one drawer!

Combine our Flatware, Utensil, Cutlery or Vanity Inserts, or design your own layout, to create a Double Tier Insert for the kitchen, bathroom or bedroom. Fully assembled with ball bearing glides.

To allow the top level to slide back into the cabinet a portion of the back of the drawer box must be cut and removed. Feel free to contact us and we'll quote you a price and place your order.

SPICE RACKS

Clear acrylic so you see only your spices and fine cabinetry. Adjustable shelf heights. Slide shelves out for larger jars. Mount anywhere, including cabinetry and pantry doors. Only 3 1/4" in depth. (4" for large jars.) Multiple Spice Racks stack for seamless rows of spices. Requires drilling for mounting. Available widths: 8", 11", and 14". Specify your custom height dimensions. Order on our website or contact us for other widths and heights.

SPICE INSERTS

Adjustable shelves for different size spice jars. Angled shelves lower large spice jars to avoid your cabinet's frame. Clear acrylic so you see only spices and cabinetry. Made to your dimensions or available in a cut-your-own style. No floor to maximize the height available for your spices. Inserts include four shelves to accommodate 5 rows of spices. Specify Item Code SPIN and your drawer inside width (DIW) and depth (DID), or purchase our cut-your-own version, Item Code SPIN-CYO. (Cut with a table saw or sliding chop saw with a carbide finish blade.) For drawers, up to 30" wide and 22" deep. Extra shelves and larger sizes are available.

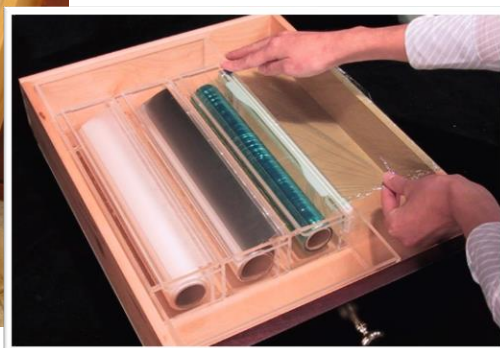

To lower height of larger spices, move shelf towards back of drawer.

SLOTTED DIVIDERS

From kitchens to work shops, organize your canned goods, fashion accessories, hosiery, tools, entertainment media, and much more. Each piece is slotted to slip together making an economical and versatile drawer organizer. Made from 1/4" thick polished clear acrylic sheet, and designed to your drawer dimensions so they always fit exactly. These dividers do not include a floor.

Add our high-quality velour liner pre-cut to the size of your drawer to lay under this insert. Available in Black, Burgundy, or Dark Green. See our website for all our configurations.

JEWELRY

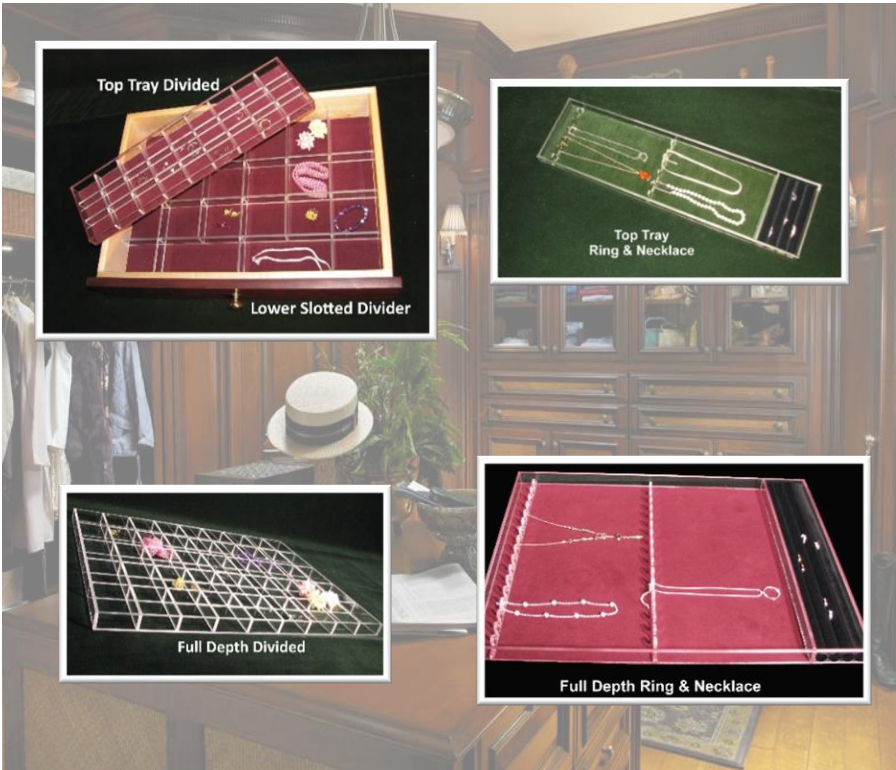

CUSTOM DRAWER INSERTS

Organize two levels of jewelry and other small items perfectly with our Jewelry Divided Top Trays which slide over our Lower Slotted Dividers allowing access to items in the Lower Slotted Divider. Order a second Top Tray and place it next to the first for the greatest use of space. Great for bracelets, watches, etc... Add pre-cut velour liners to complete this elegant look.

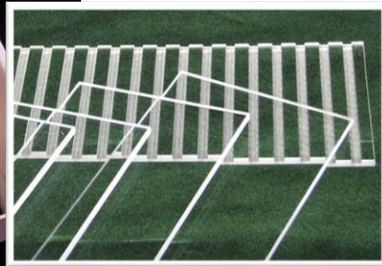

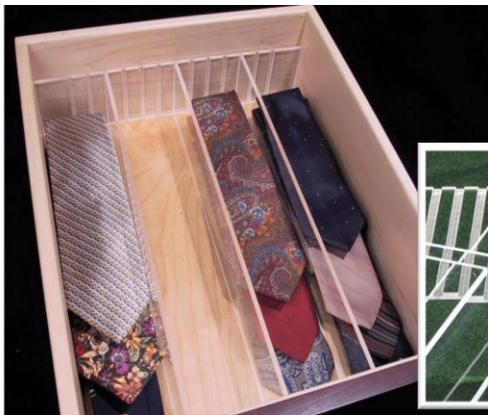

Another option is to add our Ring & Necklace Top Tray to your jewelry organizer for even more organization with presentation. Place necklaces over acrylic Necklace Racks. Prevents tangling and organizes so you can more easily find the necklace you're looking for. Slip your rings into velour-covered slots. Create an organized display to end the search for that perfect ring for the occasion. Liner included.

We also have our Full Depth Divided inserts. A full drawer of bins. Can be stacked for two levels of bins to double your organization.

Visit our website to learn more about these inserts and to order.

BINNING STRIP DIVIDERS
